

My name is Beatrix Min. I am currently seventeen, and I will be a senior in the coming fall of 2025. I was born in Los Angeles, but moved to Boston when I was only five years old, so I would consider the east coast as my home. I currently live with my parents, my twin sister, and our dog Lupi. My favorite subject in school is English, but I enjoy doing several other things. The two most important things in my life are music and ultimate frisbee. From playing a team-based sport like ultimate and performing in high level orchestras, I have learned to collaborate with others. I love to meet new people and learn about their various different stories and backgrounds. Moving forward, I hope to continue my journey as a student, athlete, and musician.
